Executive summary

A branding identity has been established for the WoodVALOR project, including a logo design, colour scheme, deliverable/report Word document template, and presentation template. The branding identity will be used across all external communications for the project – website, social media, public presentations, etc. – to give a consistent and recognizable look for the project and all publicly shared results.

The template files and all versions of the logo and icon have been made available to the project partners on the internal Teams site.

1 Logo

1.1 Main logo

The main logo font is Avenir with Wood in the Black weight of the font in sentence case and no tracking. 'VALOR' is also in the Black weight of the font all in capitals again with no tracking.

Avenir can also be used as the main body font for documents such as this, although Aptos is the standard body font.

1.2 Variants

The main WoodVALOR logo should be used in full-color wherever possible. For darker backgrounds the mono white version can be used. The logo also can be used in grayscale on white where colors aren't available.

1.3 Icon

The main WoodVALOR icon should be used in full-color wherever possible. For darker backgrounds the mono white version can be used. Again, the icon can be used in grayscale on white where colors aren't available.

1.4 Logo don'ts

Don't use the logo or logo icon in other colors, stretch it or use other icons or fonts.

Stick to the brand colors and logo dimensions.

2 Design elements

2.1 Fonts

The main font to be used is Aptos. The various styles for headings, emphasized text, and body text are shown below.

2.2 Color scheme

A custom color pallet is included in the Word and PowerPoint templates. The main colors to be used are shown below, along with possible accent colors. These colors should be used to make all charts and other graphics. In addition, a gradient can also be used as desired.

Main 1 #5a4940 CMYK (44,53,58,50)	Main 2 #0fa79c CMYK (978,11,45,0)	Accent 1 #e9682b CMYK (1,72,93,2)	Strapline #f3b73a CMYK (1,28,87,2)
--	--	--	---

2.3 Table style

The standard table format should include a dark teal header row with bold white text and banded light brown rows with black text. The cell borders are in teal and brown, respectively.

Header 1	Header 2	Header 3	Header 4
Text	Text	Text	Text

3 File templates

3.1 Word document template

A template Word document has been provided to the partners to be used for all deliverables and other internal reports. The template includes a cover page, deliverable information table, section headings, font styles, table style, and color pallet.

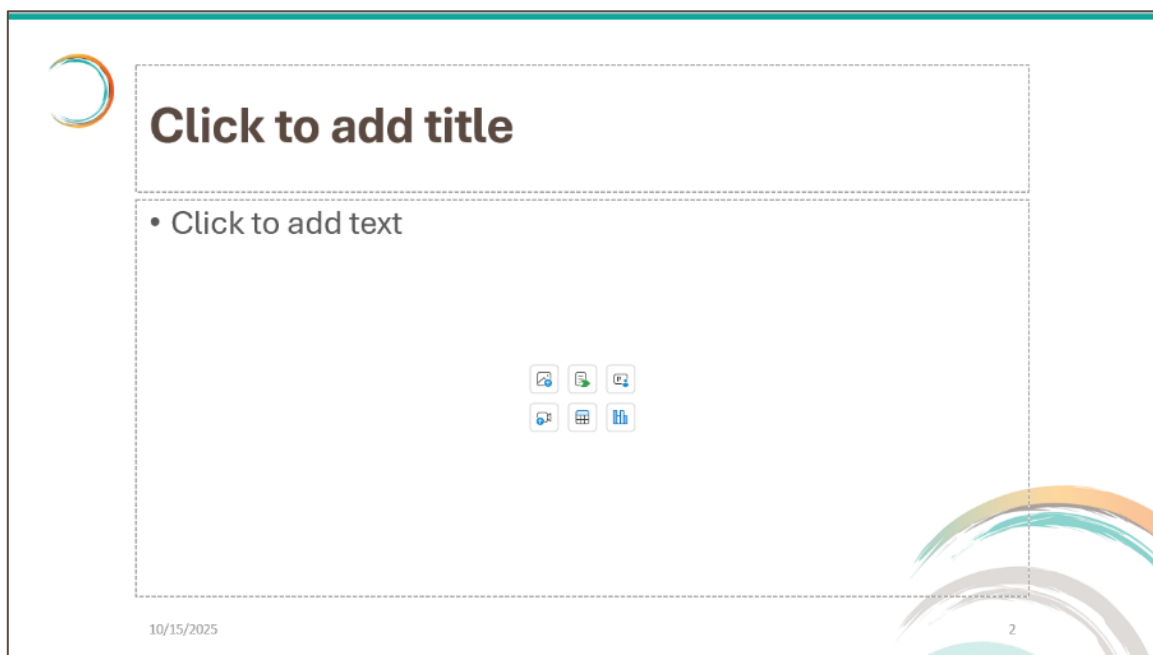

This document is made in the template.

3.2 PowerPoint template

A template PowerPoint presentation file has been provided to the partners to be used for all internal and external presentations. The file includes a cover page, a slide master design for the various standard layouts, and thank you slide including the funding logos and disclaimer.

Screenshots of the slide templates are shown below.

4 Conclusion

The partners have been provided with a comprehensive branding identity for the WoodVALOR project. The guidelines in this document should be adhered to for all external communications, including in-person presentations and online communications.

The Word and PowerPoint templates should be used for all deliverables and presentations, respectively.

All logo files and template documents can be found under the WP6 channel in the project Teams site, under the Project Branding folder here: [Project branding](#).
